A LEGACY ADDRESS, A MODERN VISION

2129 QUEENS ROAD WEST

CHARLOTTE'S MOST STORIED NEIGHBORHOOD

Tucked within the tree-lined avenues of Charlotte's most storied neighborhood, 2129 Queens Road West embodies the elegance, heritage, and timeless character that define Myers Park.

This boutique residential condominium community offers a rare opportunity to call home at one of the city's most coveted addresses, where classic architecture meets contemporary design.

THE HEART OF MYERS PARK

ROOTED IN HISTORY INSPIRED BY TRADITION

Developed in the early 1900s by John Nolen, Myers Park was envisioned as Charlotte's first true "garden suburb." Its curving, oak-canopied streets, stately homes, and lush landscapes became synonymous with refinement and community, a legacy that endures today.

Home to the prestigious Myers Park Country Club and the inviting restaurants and boutiques along Selwyn Avenue, Myers Park represents the soul of Charlotte: graceful, connected, and enduring. 2129 Queens Road West continues this tradition, paying homage to its surroundings while embracing the sophistication of modern living.

ELEVATED CRAFTSMANSHIP

WHERE MODERN TAILORING MEETS TIMELESS ELEGANCE

At 2129 Queens Road West, design becomes storytelling. Every detail, every texture, hue, and form was conceived to honor Myers Park's classic heritage while introducing a distinctly modern sensibility.

This aesthetic celebrates contrast between old and new, warmth and precision, simplicity and refinement. The result is residences that feel both timeless and bold, where quiet confidence meets layered sophistication.

DESIGNED TO FEEL COMPOSED AND WELCOMING

THE MATERIALS

Every surface tells a story. Velvet, mohair, and worn leathers add tactile richness; dark-stained woods highlight grain and inlay; honed stone and unlacquered metal finishes develop a beautiful patina over time. Plaster and limewashed walls evoke old-world artistry, balanced by smooth, tailored millwork that anchors each space with modern precision.

THE FORMS

Architectural detailing is purposeful and composed. Clean-lined silhouettes and restrained ornamentation reinterpret classical European influences through a contemporary lens. Subtle fluting, refined paneling, and pattern work—echoes of damask or tapestry—appear in modern, scaled-down treatments that invite discovery rather than demand attention.

ONE FLOOR, NO YARD

Every residence is on a single floor, with the room of a house. Lock the door, spend the weekend in the mountains or at the coast, and come home to Queens Road West.

ABOUT THE BUILDER

Copper Builders is a Charlotte homebuilder with a simple standard: build fewer homes, and build each one well. We are a three-time Builder of the Year, rated 4.8 on Google, and our homes stand in Myers Park, Eastover and neighborhoods across the Carolinas.

Every Copper home is built by one team you know by name, from the first drawings to the final walkthrough. Our superintendents run each site, and our Design Studio on Fairview Road guides every selection, so the finished home matches the one you chose on paper.
